

BANK HOLIDAY BOOKING FORM

SPRING/JUBILEE
BANK HOLIDAY
1 – 5 JUNE 2012

INFORMATION

For the Spring (half term) and August Bank Holidays we operate a ticket and pre booking system. We do not allocate pitches, we leave you to decide where you want to camp. It is just a system for restricting the quantity of campers allowing the facilities to function within their capacity. This is not to say that bank holidays are not busy, they are, but we try very hard to balance the demand for pitches and the number of people on site so you have the space to enjoy your long weekend.

This year the spring bank holiday is extended by a day to celebrate the Queens Diamond Jubilee. So you pay up front for the **FOUR** nights (Friday, Saturday, Sunday and Monday) and add £5 for every car pass you need and then a £5 booking fee.

If you are booking for a group of families/individuals then we recommend that you book into the EVENTS FIELD where there is more space so you can camp in your group regardless of time of arrival. The way the main site fills up makes it very hard for more than a couple of families to be able to camp together especially with the size of tents these days. The popularity of the events field grows year on year and abides by the same rules as the main site. If you are looking to book a large number of pitches for the bank holiday please contact us as we have some other areas for groups of 10 families or more.

**BURNBAKE CAMPSITE,
REMPSTONE,
CORFE CASTLE,
DORSET
BH20 5JH**

MAIN SITE:

Is made up of three fields; the top field is quite an open field that is surrounded by pockets of pine and birch woodland camping, the lower fields are intersected by a stream running south to north. Because of the wooded nature of the campsite there are no large open areas and thus it is hard for groups to be together as we do not allocate pitches, we just restrict the numbers so you are free to choose your own area.

The facilities on the main site: the shop, the main shower and toilet block, the external shower block which also contains the washing machine room and the baby changing room, there are also washing up sinks and the playground, along with water points spread across the site.

EVENT FIELD:

Is a large open plan 7 acre field that backs onto the forest on one side and the main site on the other, we restrict the numbers to the same as the main site allowing lots of space for everybody to camp together however they desire.

It is a gloriously sunny field when the weather is nice, but a word of warning we are still in England and it can be quite exposed in strong wind.

The facilities of the main site are an easy walk with some areas of the events field closer to them than areas of the main site, from the furthest end it is 4 minutes. The events field is also provided with portaloos for the bank holidays and these are cleaned daily and checked regularly. There are two water points in the field.

A lot more families are driving down with two cars, and while we would like you to think about the environmental impact of this, it also restricts camping space on the main site so instead of keeping your second car at your tent we ask that you park it by the reception caravan. If you would like advice about how to reach the area by public transport please do not hesitate to contact us.

Burnbake urges you to bring your bikes with you as Studland beach and Corfe Castle are both only a leisurely 20 minutes away by bike along safe and relatively level tracks with only a short time on the main road at either end. It really is a great way to get around, especially avoiding the parking and queues at the beach, or having a few delicious pints in Corfe's multitude of pubs.

Please make cheques payable to BURNBAKE CAMPSITE and send FULL PAYMENT along with this booking form to the above address.

BANK HOLIDAY BOOKING FORM

SRING/JUBILEE BANK HOLIDAY 1 - 5 JUNE 2012 (4 NIGHTS)
